PROJECTS

Kodair

<https://kodair.us> • Kodair is a fun website I maintain, which contains a wide collection of web apps, and that's why I call it "Your Place For Everything"

Nouriscan

<https://nouriscan.streamlit.app/> • Nouriscan is an AI and database powered food scanning application that I build for a college project

My Links

ABOUT ME

I'm a passionate web developer, AI enthusiast, and storyteller. I am always coming up with creative solutions to problems, and have the patience and perseverance to never give up. If I can do it on a computer, then I will enjoy doing it. I also enjoy making music.
